RE: Delivery Fuel Surcharge

Dear Valued Customer,

Due to the unprecedented increase in fuel costs, we are going to institute an additional fuel surcharge on every delivery.

Effective April 1, 2026, there will be an additional fuel surcharge added on all deliveries that will be adjusted as needed based on fuel price increases in \$0.50 per gallon increments. **The surcharge will be applied when the average fuel price exceeds \$4.00 a gallon.** For the most common delivery zones, the initial fuel surcharge with diesel fuel at \$5.00 per gallon is as follows:

- **Zone 1** (Prescott/Prescott Valley/Chino Valley): \$15.00
- **Zone 2** (Mayer to Cordes/Paulden/Williamson Valley Rd. past Mint Creek to Long Meadow Ranch): \$20.00
- **Zone 3** (Ash Fork/Wilhoit/Yarnell): \$30.00
- **Zone 4** (Sedona/Verde Valley/Wickenburg): \$45.00
- **Zone 5** (Flagstaff): \$60.00

Due to the severity of the current fuel cost crisis, there will be no price protection. If you have any questions, please contact Derrick, Mark, or myself.

Thank you for your understanding,

Tyler Smith
President
